

# Daily Sprint Report

Date: 16/04/2024

## Team Update

- The team completed 6 out of 6 issues.
- The goal for the sprint of being ready for the first iteration presentation has been met.

## Roadblocks

- Most of the development went did not see any roadblocks due to deliberate planning done beforehand.
- Team members helped each other to make sure no one is stuck, and the tasks are finished on time.

## Plans for the next Sprint

- Fix bugs.
- Continue development.

## Metrics and Progress

- The team has attached screenshots of the current state of the sprint backlog and the sprint status report to give information about how much work has been done and how much work still needs to be done.
